If the official exhibit hall schedule changes, all exhibitors will be notified in writing. Exhibitors are expected to make travel arrangements in accordance with this schedule. If erection of any exhibit has not started by 8:00 am on Monday, July 10, 2017 the AHRA Exhibits Manager or his or her designee shall order the exhibit to be erected and the exhibitor billed for all charges incurred. An official contractor will provide all services in the exhibit area. Complete information, instructions and schedule of prices regarding shipping, drayage, labor for installation and dismantling, electrical service, furniture, etc., will be included in the Exhibitor Services Manual to be forwarded from the official contractor in April 2017. An exhibitors' service center will be maintained during applicable hours to facilitate services requested for additional needs of exhibitors. Advance shipments of exhibit material must be made to official contractor as specified in the

Exhibitor Services Manual. Should any shipments not be made as specified in the manual, it will be removed by the official contractor and stored until the hall is ready to accept materials for the exhibition and all costs involved will be charged to exhibiting company. Exhibitors are responsible for all information provided in the Exhibitor Services Manual.

8. Arrangements of Exhibits

Any portion of an exhibit that obstructs the view, interferes with the privileges of other exhibitors, extends beyond the designated booth space or for any reason becomes objectionable, must be immediately modified or removed by the exhibitor. The show management reserves the right to inspect the quality of the appearance of each booth prior to show opening. Where necessary, masking drape will be placed to cover unsightly wires, unfinished backwalls, etc. at the exhibitor's expense.

9. Booth Design

The regulations listed herein are not intended to unduly restrict exhibits as to either design or utility. The spirit in which the rules are presented is to create and maintain an open atmosphere on the exhibit floor. In designing exhibits, traffic flow, good judgment and consideration for neighboring exhibitors and attendees should be primary objectives. Every effort has been made to ensure the accuracy of all information distributed by AHRA; however, due to the ever-changing needs and maintenance schedules of facilities, such as the Anaheim Center, up-to-the-minute information is not always available. With this in mind, we remind all exhibitors that AHRA, the Anaheim Convention Center and its contractors or agents can make no warranties as to the accuracy of floor plans issued in conjunction with or pertaining to the exposition. If locations of building columns, utilities or other architectural components of the facility are considerations in the construction of an exhibit, it is the responsibility of the exhibitor and/or his/her agent to physically inspect the facility to verify all dimensions and locations.

IN-LINE BOOTHS: In-line booths have only one side exposed to an aisle and are generally arranged in a series along a straight line. Regardless of the number of in-line booths utilized, (e.g., 10' x 20', 10' x 30', 10' x 40', etc.), display materials must be arranged in such a manner so as not to obstruct sight lines of neighboring exhibitors. The maximum height of 8 feet is allowed only in the rear half of the booth space, with a 4-foot height restriction imposed on all materials in the remaining space forward to the aisle. When three or more in-line booths are used in combination, as a single exhibit space, the 4-foot height limitation is applied only to that portion of exhibit space that is within 10 feet of an adjoining booth. A Perimeter Booth is an in-line booth that backs to an outside wall of the exhibit facility rather than to another exhibit. All guidelines for in-line booths apply to Perimeter Booths except that the maximum back wall height is 12'. AHRA does not allow end cap booths, meaning booths exposed to aisles on three sides and composed of two 10'x10' booths)

ISLAND BOOTHS: Island booths are any size booths exposed to aisles on all four sides.

Supplementary regulations governing such exhibits are the following.

- A. The entire cubic content of the space may be used up to the maximum allowable height of 20' including signage, hanging or stationary, banners, trusses and hanging lighting systems. Any hanging signage will be hung at 20' from the floor to the top of the sign.
- B. Canopies, including ceilings, umbrellas and canopy frames, can be either decorative or functional (such as to shade computer monitors from ambient light or for hanging products). The base of the canopy should not be lower than 7 feet from the floor within 5 feet of any aisle. Canopy supports should be no wider than 3 inches. This applies to any booth configuration that has a sight restriction. Fire and safety regulations in many facilities strictly govern the use of canopies, ceilings and other similar coverings. Check with the appropriate local agencies prior to determining specific exhibition rules.
- C. Island Exhibitors should adhere to the following minimum guidelines when determining booth lighting.
 - No lighting fixtures, lighting trusses or overhead lighting are allowed outside the boundaries of the exhibit space.
 - Lighting should be directed to the inner confines of the booth space. Lighting must not project on to other exhibits or show aisles.
 - Lighting that is potentially harmful, such as lasers or ultraviolet lighting, must comply with facility rules and be approved in writing by exhibition management.
 - Lighting that spins, rotates, pulsates and other specialized lighting effects should be in good taste and not interfere with neighboring exhibitors or otherwise detract from the general atmosphere of the event.

Each exhibitor will be provided with an official Exhibitor Services Manual. The Exhibitor Services Manual describes the type and arrangement of exhibit space and the standard equipment provided by Show Management for booth construction. All booth space must be arranged and constructed in accordance with the guidelines, provisions, and limitations contained in the Exhibitor Services Manual. In the sole opinion of Show Management, any exhibit that fails to conform to the Exhibitor Services Manual guidelines or the provisions set forth herein, such exhibit will be prohibited from functioning at any time during the exhibition.

Each exhibitor is responsible for keeping the aisles near its exhibit space free of congestion caused by demonstrations or other promotions. All demonstrators or other promotional activities must be confined to the limits of the exhibit space. Sufficient space must be provided within the exhibit space for the comfort and safety of persons watching demonstrations and other promotional activities. Island booths are restricted to 20' in height. All booths must be carpeted. Exhibiting companies are responsible for furnishing, cleaning and carpeting their booths. Any booth(s) not carpeted by 8:00 am on July 10, 2017, will be carpeted by Show Management at the exhibitor's expense. All exhibits must comply with the public accommodation provisions of the Americans with Disabilities Act of 1991(ADA). Any exhibit with raised flooring must be ramped.

10. Subleasing of Space

11. Conduct

All exhibits will be to serve the interest of the AHRA members and will be operated in a way that will not detract from other exhibits, the exhibition, or the meeting as a whole. Show management reserves the right to request the immediate withdrawal of any exhibit that AHRA believes to be injurious to the purpose of AHRA. Management reserves the right to refuse to admit to and eject from the exhibit building any objectionable or undesirable person or persons. The use of sideshow tactics or other undignified methods considered by AHRA to be objectionable are expressly prohibited in the exhibition area and in any meeting room. The purpose of the exhibition is to further the education of meeting attendees through product and service displays and demonstrations. Products or services exhibited must be pertinent to the attendees' professional interest. AHRA reserves the right to restrict sales activities that it deems inappropriate or unprofessional.

12. Exhibitor's Personnel

Exhibitor badges will be made available to the official company representatives for distribution to exhibitor personnel. The official AHRA badge must be worn whenever a representative is in the exhibit hall. All personnel representing the exhibitor or his or her agents on the exhibit floor during installation and dismantling must be properly identified. Each exhibit must be fully operational and staffed during the open exhibit hours as defined in rule 1. Booths should be manned by company specialists who are qualified to discuss details of their company's products or services. Distribution of advertising material and souvenirs must be confined to the exhibitor's booth. Canvassing or distribution of advertising material or souvenirs in the exhibit hall by representatives of non-exhibiting firms is strictly forbidden. Selling of merchandise on the exhibit floor is strictly prohibited.

13. Sound Devices and Lighting and other Presentation Devices

Public address, sound producing or amplification devices that project sound must be conducted or arranged so that the noise resulting from the demonstration will not annoy or disturb adjacent exhibitor and their patrons, nor cause the aisles to be blocked. Speakers and other sound devices should be positioned so as to direct sound into the booth rather than into the aisle. Noise levels must be held to an 80-decibel maximum at all times. Show Management will monitor the 80-decibel regulation on-site. If an exhibitor is in violation of the 80-decibel regulation, they will receive one warning. If the exhibitor continues to operate noisemaking exhibits in excess of 80-decibels after the first warning, Show Management reserves the right to cut the power of the offending mechanism, or otherwise ensure the noisemaking mechanism is shut off. Any expenses incurred in this instance will be the sole responsibility of the exhibitor.

14. Handout Materials

Promotional give-aways and exhibitor prize drawings will be permitted. All materials and prizes must have prior approval by AHRA. All hand-out materials are expected to be of professional nature. AHRA reserves the right to disallow any material that it believes to be inappropriate. Send samples to: AHRA Exhibits Manager, 512 Herndon Parkway, Suite D, Herndon, VA 20170 by June 15, 2017. The use of a camera cell phone is prohibited during the above mentioned hours.
