Acknowledgments

Operations Management in Radiology, the fifth book in the AHRA professional development series, came to fruition because of the hard work and relentless pursuit of a quality educational product by the many involved. We would like to show our appreciation to the following for their participation in the project.

Bayer HealthCare Pharmaceuticals continues to receive our gratitude and sincere appreciation for the generous grant which has made this development series possible. The time commitment and contributions of knowledge and expertise from the many authors and peer reviewers are much appreciated. The book would not have been possible without the input of each. The writing and editing skills contributed by Lynne Dodson brought every chapter of the project together as one final manuscript. The AHRA staff, under the direction of Debra L. Murphy, publications director, managed every aspect of the book from start to finish. From developing the outline and content of the material to finalizing the cover for print, Debra and her staff were there to make sure the project made it to the next step.

To everyone involved in this significant undertaking, we sincerely appreciate your efforts.

M. Shane Foreman, MSA
Laverna Hubbard, CRA
Luis O. Marquez, MBA, MPH, FAHRA, CRA

Bayer HealthCare Pharmaceuticals
Introduction

Since the inception of the Certified Radiology Administrator (CRA) credential in 2002, AHRA: The Association for Medical Imaging Management, the preeminent organization for leaders in medical imaging management, has strived to develop educational materials specific to the field of imaging administration. Hence, the impetus for its professional development series of books. Along with its predecessors, Financial Management in Radiology, Communication & Information Management in Radiology, Human Resource Management in Radiology, and Asset Management in Radiology, Operations Management in Radiology continues the tradition of discussing material in depth to aid the continuing education of the imaging administrator.

The authors and reviewers of this book represent a cross section of today’s imaging profession. Academic medical centers, community and rural hospitals, freestanding imaging centers, and private enterprise are represented among the contributors. This range of experience allows a broad perspective of ideas and expertise for the book material.

Operations Management in Radiology consists of four sections in which the building blocks and strategies of operations management are discussed:

Section 1, The Operational Foundation, reviews the baseline steps in developing the scope of service, building alliances, documenting processes, and developing procedures and protocols.

Section 2, Marketing Imaging Services, discusses the principles of marketing and specifically applies them to imaging facilities. Developing and evaluating a marketing program are also reviewed.

Section 3, Customer Management and Satisfaction, provides an overview of identifying the customer and targeting their needs (from patients to referring physicians). Satisfaction measurement tools, both qualitative and quantitative, are discussed, as well as methods for analyzing and applying selected data.

Section 4, Manage Performance Quality, reviews four commonly used improvement models and provides helpful examples and applications of these tools. Criteria
are given for how to establish a quality improvement program that best meets your facility’s needs.

This book addresses a wide variety of issues including documentation processes, alliance building, service strategy, customer management, marketing, and performance quality. Streamlined and strategic operations in the healthcare environment are fundamental contributors to organizational success. Managing these operations and their associated expenses, policies, and procedures requires expertise, know-how, and an acquired wisdom. *Operations Management in Radiology* is designed to provide the imaging administrator with the foundational knowledge in order to address these issues on a day-to-day and annual basis. This book is certain to become an important tool referenced time and again.

M. Shane Foreman, MSA
Laverna Hubbard, CRA
Luis O. Marquez, MBA, MPH, FAHRA, CRA
Editors

M. Shane Foreman, MSA
Principal & Founder
3D Health, Inc.
Chicago, Illinois
Shane helps establish and grow outpatient and physician businesses. He applies his 21 years of professional expertise and experience to working with hospitals, health systems, and physician group practices in defining and executing outpatient and medical staff strategies. Mr. Foreman has particular expertise in crafting niche imaging and medical staff strategies, growing and improving employed physician networks, and structuring hospital-physician joint ventures. Prior to founding 3d Health, Inc., Shane served as a director of the consultancy Tiber Group (now Navigant Consulting) in Chicago. He also served as regional director for Columbia (now HCA), vice president of business development for PhyServ, and chief financial officer with the Sisters of Charity of the Incarnate Word (now CHRISTUS). Shane has a BS in accounting from Louisiana College and an MSA in health services administration from Central Michigan University.

Laverna Hubbard, CRA
Executive Director
North State Radiology Medical Group
Chico, California
Laverna Hubbard has been the executive director for a 22 physician radiology group with over 100 employees in California for the past 15 years, serving 3 hospitals and 3 outpatient imaging centers. She is also the founder and president of Medical Business Solutions, a medical consulting company serving physicians and hospitals in California for over 18 years. Ms. Hubbard has over 30 years experience as an executive and entrepreneur in the successful development and management of imaging and medical practices. She has lectured for various organizations and published articles in several periodicals. She is a member of AHRA, RBMA, and MGMA and is also a Certified Radiology Administrator.
Luis O. Marquez, MBA, MPH, RT(R)(CT), CRA, FAHRA
Director of Imaging Services
The Methodist Hospitals, Inc.
Gary/Merrillville, Indiana
Luis O. Marquez is the director of imaging services for The Methodist Hospitals, Inc., a two-hospital system with an imaging center in northwest Indiana. Mr. Marquez has 12 years of senior radiology management experience in a wide range of healthcare facilities. He is an active member and Fellow of AHRA and a member of the American College of Healthcare Executives (ACHE). He graduated from Fort Hays State University with a bachelor of science in 1996. Luis went on to complete his master of public health from Wichita State University in 1998 and his MBA from Regis University in 2003. Mr. Marquez has served AHRA extensively by participating on the Annual Meeting Design Team, authoring articles in *Link* and *Radiology Management*, authoring chapters in the Professional Development Series books, presenting at the Annual Meeting, and hosting a Partners in Learning guest. He is a Certified Radiology Administrator.

Editor/Writer

J. Lynne Dodson
Creative Lines
Stratford, Connecticut
J. Lynne Dodson, a medical writer and editor since 1971, specializes in practice management, healthcare administration, patient education, and medical history. She is the author/co-author of 7 health-related books for general audiences, most recently, *Hot Times*, ghostwritten for bestselling nutritionist Ann Louise Gittleman, PhD. Ms. Dodson is also the author of 5 photographic histories of medicine and a contributing author to the *Journal of Oncology Practice*. She has twice won writing excellence awards from the American Medical Writers Association. Through her Stratford, CT based business, Creative Lines, she also provides public relations services to nonprofit organizations.
Contributors

Dana Allison, RT(R), BSM
Radiology Supervisor
Rady Children’s Hospital San Diego
San Diego, California
Dana Allison is a supervisor for the radiology department at Rady Children’s Hospital in San Diego, the only pediatric level 1 trauma center in the San Diego area. She returned to Rady’s in January 2009, prior to that she was with Sharp Health Care in San Diego as a lead technologist for 6 years. She has been in the field of radiology for 20 years. Over the course of her career, Ms. Allison has spent much of her time working in pediatrics and is thrilled to be able to now bring her previous experience as a technologist to her leadership role. She earned her bachelor’s degree in marketing in 2009. Ms. Allison has been an active member of the AHRA since joining in 2006 and has consistently served as an annual meeting volunteer and as a member of the 2010 Spring Conference Design Team.

Douglas Cathon, FAHRA
Director of Radiology and Imaging Services
Eden Medical Center
Castro Valley, California
Douglas has spent many years working up through the ranks, having worked in all modalities of imaging. He has been in imaging for over 40 years and an administrator for over 20 years, having had oversight of imaging facilities from a small 3 room, 6 staff operation to multiple hospitals to an academic center. Douglas has published over 40 articles and a book, Management Dominos, in 2006 and is an AHRA Fellow. His time, which includes many years in the military, has provided him with a deep understanding of how success is directly related to the people with whom we work.

Ernesto A. Cerdena, CRA, MS, RT(R)(CT)(CV), FACHE
Operations Manager of Ambulatory Imaging Services
Assistant Director of Radiology
Stamford Hospital
Stamford, Connecticut
Ernie Cerdena is the operations manager of ambulatory imaging services and assistant director of radiology at Stamford Hospital in Stamford, CT. He holds a
master’s degree in organizational leadership from Mercy College in New York and is pursuing his PhD in healthcare/business administration. He is a CRA and a Fellow by the American College of Healthcare Executives. He has volunteered in many capacities for AHRA, including as Annual Meeting Design Team chair, an author for *Radiology Management* and a member of its Editorial Review Board, and a director on the Education Foundation Board.

**Richard Egan, CRA, MBA, MS**  
Administrative Director of Medical Imaging  
Haywood Regional Medical Center  
Clyde, North Carolina  
Rich Egan has been in the radiology business for over 25 years. He joined Haywood Regional Medical Center in Clyde, NC as Administrative Director of Medical Imaging in 2008. He manages both the medical imaging department as well as the cardiac catheterization lab. Rich is an active member of AHRA and is a CRA. Interestingly, he has performed radiographic procedures for the Miami Dolphins (NFL), Miami Heat (NBA) and the Florida Panthers (NHL).

**Janice Eurton, CRA, RT(R)(M)**  
Manager Out Patient Imaging  
Clark Memorial Hospital  
Jeffersonville, Indiana  
Janice Eurton is the manager of a hospital owned outpatient imaging center for Clark Memorial Hospital. She holds a master’s degree in management and leadership from Webster University and has over 35 years of experience in the field of imaging, with the last 15 years serving in a management role. Ms. Eurton is an active member of the AHRA, obtaining her CRA in 2006, serving as Design Team chair of the 2007 Fall Conference and as a Design Team member of the 2009 and 2010 Annual Meetings. She also sits on the Editorial Review Board for *Radiology Management*, is a speaker for AHRA, and has published various imaging articles. In addition, Ms. Eurton is a member of the American Society of Radiologic Technologists.

**Barbara A. Hubley, MPAH**  
Director, Clinical Support Services  
Massachusetts General Hospital  
Boston, Massachusetts  
Barbara Hubley has been employed at Massachusetts General Hospital for close to 20 years. The last 12 years she has been in the role of director of clinical support
services in the imaging department. Her leadership responsibilities have included scheduling, image management, nursing, engineering, and customer service. As a senior consultant for the Radiology Consultant Group, she has consulted nationally and internationally on a variety of topics related to healthcare delivery systems. She holds a master’s degree in public administration in healthcare from Suffolk University in Boston, MA.

Robert E. Jacoby, BBA, CRA, RT(R)
Administrative Director Radiology
Pomona Valley Hospital Medical Center
Pomona, California
Robert Jacoby has held the position of administrative director of radiology at Pomona Valley Hospital Medical Center in Pomona, CA for the past 12 years. He has held previous leadership positions at other hospitals and outpatient based facilities throughout southern California. Mr. Jacoby has served the AHRA in a variety of capacities, such as participating as a Design Team member, authoring articles in *Link* and *Radiology Management*, lecturing at the Annual Meeting, acting as team leader for the *Compensation & Benefits Survey*, and hosting a coding seminar and Partners in Learning guest. He holds a bachelors degree in business administration and is also a Certified Radiology Administrator.

Jennifer Kroken, MBA
Revenue Cycle Consultant
Healthcare Resource Providers
Dallas, Texas
Jennifer Kroken is a consultant with Healthcare Resource Providers based in Albuquerque, NM. She has been a healthcare consultant for 9 years and also acts as operations manager for Radiology Consultants of North Dallas in Dallas, TX. Prior to joining HRP, she worked for 8 years in various radiology billing and administrative capacities in Albuquerque, NM. She has presented at national conferences for the RBMA and has been published in several industry publications.

Kathy Tabor McEwan
Executive Director
Boca Raton Community Hospital
Boca Raton, Florida
Kathy Tabor McEwan held various management and leadership positions at Massachusetts General Hospital in Boston, MA prior to becoming the executive director of imaging at Boca Raton Community Hospital. Her technical background
includes work in MRI, CT, interventional, radiation therapy planning, emergency radiology, and contrast media research. She has consulted nationally and internationally, published a variety of articles and abstracts, and has been a guest lecturer at national and international conferences. She is a senior consultant with RCG Healthcare and has significant experience in workflow management, project planning, and tactical project implementation. She holds a bachelor’s degree from Harvard University in Cambridge, MA.

Suzanne Ramthun, RT(R), MBA, CRA, CIIP
Radiology Director
Assistant Professor of Radiology
Mayo Clinic College of Medicine
Rochester, Minnesota

Sue Ramthun is a radiology director at Mayo Clinic Rochester. She has worked in Mayo Radiology for 36 years and the past 12 years in the director role with oversight of electronic imaging and the campus filmless conversion. Ms. Ramthun has been an AHRA member since 1990 and a member of the Society for Imaging Informatics in Medicine (SIIM) since 2000. In 2007 she passed the CRA and in 2009 became an American Board of Imaging Informatics Certified Imaging Informatics Professional (CIIP).

Philip L. Ruth, MBA, RT(R)
Director of Medical Imaging and Radiation Therapy
St Joseph’s Mercy Health Center
Hot Springs, Arkansas

Philip Ruth is the director of medical imaging and radiation therapy at St. Joseph’s Mercy Health System in Hot Springs, AR. St Joseph’s is a 315 bed, level 2 trauma center. He has been involved in the imaging field since 1975 in various capacities and an imaging administrator for over 24 years. He received his bachelor of science and master’s of business administration in healthcare management from Century University in Albuquerque, NM. He has been an active member of AHRA since 1993 and is currently serving on the Radiology Management Editorial Review Board. Philip has also written for the journal, as well as AHRA’s newsletter, Link.

Sue Rysted
Assistant Coordinator
Mayo Clinic Rochester
Rochester, Minnesota

Sue Rysted is the assistant coordinator to the radiology asset manager at Mayo Clinic Rochester. She has worked in Mayo radiology for 27 years in various
management and technologist roles. Ms. Rysted obtained her MRI certification in 1995 and CRA certification in 2007. She completed her bachelor’s degree in health arts in 2005 and master’s of business administration in 2009, both through the St. Francis University at Joliet, IL. She has been a member of the AHRA since 2006, having been involved in volunteer opportunities including serving on the 2009 and 2010 webinar design teams.

**Bonni J. Standley, FACHE, FAHRA, CRA, MBA, BSRT(R)(MR)**  
Director of Radiology  
Mayo Clinic  
Rochester, Minnesota

Bonni is the director of radiology where she serves the practice and education divisions at the Mayo Clinic of Rochester, MN. Mayo Clinic Rochester has 1950+ beds and 1200 FTEs in imaging. She has worked in radiology for 25 years. Bonni holds master’s degrees in business and healthcare administration and a bachelor of science in radiology. She is an active member of AHRA, ACHE, and the ASRT. Bonni has served AHRA for two terms on the board of directors and is currently on the executive board. She has served three years on the Strategic Planning Committee, was chair of the 2009 Minnesota regional meeting, Radiology Administration Certification Commission (RACC) CRA exam rewrite committee, and other various volunteer activities for AHRA. Bonni is a frequent presenter for the Leadership Institute.

**Kathy Williams, RT(R)(CT), CRA, MA**  
Radiology Supervisor  
Mayo Clinic Rochester  
Rochester, Minnesota

Kathy Williams is a radiology supervisor at Mayo Clinic Rochester. She has 12 years of experience in supervisory roles and is involved with various radiology projects that are interesting and challenging. In 2008 Ms. Williams passed the CRA and in 2009 she graduated from St. Mary’s University with a master’s of arts degree in management.
