Your facility is vital to the health of the whole community.

Siemens' systems and solutions help you thrive.

Uncover your full potential with teamplay:

The cloud-based network that makes information collection and sharing the key to thorough performance analysis.

Wide angle breast tomosynthesis: What 3D looks like in the hands of innovators.

Leave breast cancer no place to hide, with the partner who seamlessly delivers a full suite of women's health imaging solutions.

Don't Miss Siemens Symposium:
How Lung Cancer Screening Is Changing the Role of the Imaging Department

Sunday, July 19, 2015
11:00 a.m.–12:00 p.m.

Answers for life.

Wireless. Digital. Mobile. X-ray.

The Mobilett Mira Max enhances operational efficiency with wireless digital mobile X-ray. Fully encased cabling means easier sanitization, and better protection against infectious disease.

Symbia® Evo Excel: Expand Capabilities. Not Room Size.

With a 29%¹ smaller footprint than most SPECT systems, Symbia® Evo Excel fits into virtually any existing nuclear medicine exam room.

Preventative maintenance for your people, your equipment and your processes:

Customer Service solutions including flexible education and training, equipment utilization, and workflow optimization.

¹Based on competitive literature available at time of publication. Data on file.

Enhancing Care Delivery with CT.

From early detection of disease to mobile imaging solutions, the SOMATOM CT portfolio helps imaging departments to remain a critical component of care delivery.

MR image quality that lets you and your patients Breathe Easy.

FREEZEit delivers robust, free-breathing abdominal exams by intelligently resisting motion artifacts—reducing the need for costly rescans.

For a PURE® experience in angiography.

Artis Q.zen offers a unique detector sensitivity that enables ultra-low-dose imaging. Artis with PURE® platform increases process efficiency and workflows.

Pioneering ultrasound.

Your patients can depend on you to provide accurate diagnoses and help them to make the best decisions for their care.
